Preface

The PSC tracks consumer cases using a tracking tool known as the Consumer Activity Tracking System (CATS). There are two categories of consumer cases: Complaints and Information Requests. A Complaint is a form of case that involves a substantial unresolved objection regarding a regulated utility, as it relates to charges, facility operations, or the quality of the services rendered, the disposal of which requires an investigation and/or analysis by PSC staff. An Information Request is a form of case that involves providing facts, reference material or other data but does not involve a substantial unresolved objection by a consumer regarding a regulated utility.

It is the Commission's intent that disputes between regulated companies and their customers are resolved as quickly, effectively, and inexpensively as possible. To accomplish this, the Commission has adopted Rule 25-22.032, Florida Administrative Code, relating to the Commission's customer complaint handling procedure.

Summary

There were 2,163 complaints logged against the utility companies for the month of November 2004. If the PSC staff believes that a violation of the Florida Administrative Code, company tariffs or policies occurred, the complaint is resolved as an apparent rule infraction. There were also 1,943 information requests logged by the PSC.

A total of 21 utility companies are participating in the Telephone Transfer-Connect option, as of November 30, 2004. Under this option, and with the caller's approval, a call to the PSC is directly transferred to the caller's utility. There were 1,145 calls transferred and logged into CATS during November 2004.

Refunds, savings and credits to consumers resulting from Commission action on behalf of consumers totaled \$106,248 for the month.

DEFINITIONS

Access Line or Subscriber Line - The circuit or channel between the demarcation point at the customer's premises and the serving end or Class 5 central office.

Apparent Rule Infraction - If the PSC staff believes that the utility has apparently violated a PSC rule, the company's tariff or its stated company policy, the complaint will be resolved as an apparent rule infraction by PSC staff. Exception: In the case of slamming complaints, staff does not classify complaints as either Apparent Rule Infractions or Apparent Non-infractions.

Apparent Non-infraction - If the PSC staff believes that a utility is not in violation of any rule or tariff, the complaint will be resolved with a code assigned for tracking purposes. Exception: In the case of slamming complaints, staff does not classify complaints as either Apparent Rule Infractions or Apparent Non-infractions.

Billing - A complaint concerning the amount a customer has been billed or any rule or tariff having to do specifically with the billing of the customer's account.

Case - A contact that is logged into the PSC's CATS database. A case may be logged in as a complaint or as an information request.

Complaint - A form of case that involves a substantial unresolved objection regarding a regulated utility, as it relates to charges, facility operations, or the quality of the services rendered, the disposal of which requires an investigation and/or analysis by PSC staff.

Complaint Activity - The total number of complaints logged with regulated utilities or resolved within a given period of time.

Complaints Logged - The number of complaints received from customers filed with the utilities.

Complaints Resolved - The number of complaints handled by the PSC staff, which determines whether a utility is in apparent violation or apparent nonviolation of PSC rules, company tariffs, or policies.

Consumer Activity Tracking System (CATS) - A database system that tracks complaints and information requests filed with the Florida Public Service Commission.

Contact - A communication with the Commission either in writing (letter, fax or e-mail), in person, or by telephone relating to a complaint or an information request that is handled by consumer complaint staff. A contact may be logged into CATS as a new case or it may not be logged as a new case because it is a follow-up to an existing case, is a misdialed call or the caller hangs up during the call.
