

# Florida Public Service Commission **SPECIAL REPORT**

OCTOBER 2003 NO. 15

## Petition for a Rate Increase by **City Gas Company of Florida**

On August 15, 2003, City Gas Company of Florida filed a petition for a permanent rate increase with the Florida Public Service Commission (PSC or Commission). The company's last rate increase was granted by the PSC on February 5, 2001.

In its request to the PSC, City Gas cited several reasons for requesting higher rates: its natural gas sales to residential, commercial, and industrial customers have not grown as projected; its capital additions to plant have grown; and its operating expenses have grown due to inflation, customer growth, and higher insurance and corporate governance costs.

The staff of the PSC has scheduled three customer service meetings in south Florida as part of its investigation. The purpose of the meetings is to provide customers an opportunity to offer comments regarding the quality of service City Gas provides and the proposed rate increase.

PSC staff is scheduled to make a recommendation on final rates to the Commission on December 23, 2003, and the Commission is scheduled to vote on that recommendation on January 6, 2004.
