QUESTIONS & ANSWERS

1 Is there an opportunity for public input on this case?

Yes. As part of the evaluation process for COL Utility's request, Commission staff will conduct a customer meeting to allow customer feedback about COL Utility and the rate-setting process. (Please see below for the date, time, and location of the customer meeting.) Customer comments, written and oral, will be taken into consideration when the Commission reaches a decision. One or more Commissioners may attend and participate during the meeting.

2 Why is COL Utility requesting certificates to provide water and wastewater service in Lake County?

COL Utility, through its parent company ELPI, has been providing water and wastewater service to customers without specific compensation. COL Utility proposes to start

3 Will the lot rent be adjusted as a result of the proposed change to require customers to pay for water and wastewater service?

The Division of Condominiums, Timeshares, and Mobile Homes is responsible for reviewing changes to mobile home park prospectuses, pursuant to Section 723, F.S. While the statute provides for a reduction for items
