# **SPECIAL REPORT**

JULY 2002 NO. 16

## **INDIANTOWN GAS COMPANY**

On May 24, 2002, Indiantown Gas Company (Indiantown or the company) filed a request with the Florida Public Service Commission (PSC or Commission) for authority to change the way it provides natural gas to customers. Under Indiantown's proposal, charges for the natural gas itself (purchased gas adjustment) will be paid for at the rates of the selected supplier. Indiantown will serve as the billing agent for the customer's natural gas supplier and will continue to issue customers a single bill for both its transportation service and the natural gas.

In Docket No. 020470-GU, Indiantown has petitioned the Commission for approval of revised base rates for natural gas. The rates Indiantown has requested are not intended to result in an increase in the amount of revenues collected from its customers as a whole. However, the requested rates would result in rate increases to some customer classes, and decreases to others. Specifically, the requested rates would increase charges to residential and small commercial users, and decrease charges to large industrial users.

The staff of the PSC has scheduled a customer meeting on July 11, 2002 in the utility's service area to provide customers the opportunity to express their views regarding Indiantown's request.

PSC staff is scheduled to make a recommendation to the Commission on August 8, 2002, and the Commission vote is scheduled for August 20, 2002.
