Re: Rule 25-6.065FAC, Net Metering Program

Dear Mr. Futrell and Ms. Marr:

The City of Williston currently does not have any net metered customers. We are working with the Florida Municipal Electric Association to develop a net metering policy and standardized interconnection agreement for small customer owned renewable generation. We expect to adopt this policy by the end of the fiscal year, which is September 30, 2010.

Should you have any concerns, please feel free to contact me.

Sincerely,

Marcus Collins, City Manager
City of Williston
