e) Total energy payments made to interconnected customers for customer-owned renewable generation delivered to the electric utility for the previous calendar year, along with the total payments made since the implementation of this rule.

The total payments made to interconnected customers for customer-owned renewable generation delivered to FPL in 2012 are \$19,625.

The total payments made to interconnected customers since net metering became effective on October 1, 2008 are \$55,379.

(f) For each individual customer-owned renewable generation interconnection:

1. Renewable technology utilized;
2. Gross power rating;
3. Geographic location by county; and
4. Date interconnected.

Below is a listing showing the requested data for all customers that had a renewable technology interconnected with FPL at any time during the 2012 calendar year.
