Florida Public Service Commission

Re: Rule 25-6.065 FAC

Dear Mr. Futrell and Ms. Roberts,

The City of Wauchula Municipal Electric currently does not have any net metered customers. We are working with the Florida Municipal Electric Association to develop a net metering policy and standardized interconnection agreement for small customer-owned renewable generation. We expect to adopt this policy in the near future.

Please contact me if you have any questions.

Sincerely,

James A. Braddock  
Finance Director  
City of Wauchula
