Mr. Adam Teitzman
Division of Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0850

RE: Florida Power & Light Company's Annual Report on the Interconnection and Net Metering of Customer-Owned Renewable Generation

Dear Mr. Teitzman:

Please find enclosed FPL's Annual Report on the Interconnection and Net Metering of Customer-Owned Renewable Generation, as required by Rule 25-6.065(10), Florida Administrative Code, for the year 2019. The report is presented in the format requested by Commission Staff in 2019.

Please do not hesitate to contact me should you have any questions.

Sincerely,

/s/ Joel T Baker
Joel T. Baker
Fla. Bar No. 0108202

PSC Report 30-Mar-2020
 Interconnection and Net Metering of
 Customer-Owned Generation
 Calendar Year 2019

Name of Utility	Florida Power & Light Co.	Total number of interconnections as of December 31, 2019	16,971
Contact:	Lynne Adams	Total KW CAPACITY (AC) 85% as of December 31, 2019	155,886
Title:	Manager of Regulatory Relations	Total KWH delivered to Utility for calendar year 2019	73,329,855
Telephone:	(850) 521-3904	Total KWH received by customer from Utility for calendar year 2019	1,009,652,032
E-Mail:	Lynne.Adams@FPL.com	Total energy payments made to customers for calendar year 2019	\$ 77,481
Date:	3/30/2020	Total energy payments made to customers since Oct 1, 2008	\$ 358,938

NOTES:

The total number of interconnections, 16,971, is the active customer count as of December 31, 2019

The listing in Table 2 and Table 3 include all customers that had a customer-owned renewable technology interconnected with FPL at any time during the 2019 calendar year. In other words, this listing may include customers who were interconnected at the beginning of the year, or for a few months during the year, who were not still connected on December 31, 2019. Additionally, it is possible for a particular premise with a renewable generation system to have more than one customer/occupant during the year, and each customer/occupant would be listed. For these reasons, this listing of 17,499 customers is greater than 16,971 interconnections provided as the "total number of interconnections" at the beginning of the report.
