

Revised: November 21, 2008

**Florida Public Service Commission Rule Development Workshop
on Renewable Portfolio Standard
Docket No. 080503-EI**

December 3, 2008

**9:30 a.m. – 5:00 p.m.
Betty Easley Conference Center
Room 148, 4075 Esplanade Way
Tallahassee, Florida**

One purpose of the workshop is to present and discuss the results of the Florida Renewable Energy Potential Assessment conducted by Navigant Consulting, Inc. Navigant was hired to gather information and data on the current and future availability and cost of renewable energy resources in Florida. Funding is provided by the Lawrence Berkeley National Laboratory through a grant from the U.S. Department of Energy. The Florida Public Service Commission (FPSC) and the Governor's Energy Office have provided oversight and guidance to Navigant on the conduct of the assessment.

Also, the FPSC staff will present information and data on specific issues identified by the Commissioners during the October 14th agenda conference regarding staff's proposed rule recommendation.
