Subject: FPL smart meters

Dear Mr. Brise,

My name is John T. Goodall and I live at 96251 Piney Island Drive, Fernandina Beach FL. 32034. I am writing you today to voice my objection to FPL forcing myself and others to have "Smart Meters" installed on their homes in order to monitor and and collect data in a real time environment about our power usage and the RF transmitters that will be installed with them. I would like to "opt-out" of this program and not have this type of surveillance and technology forced on me by FPL and the government. Please inform me of my rights and what steps I need to take in order to prevent this type of intrusion into my life.

Sincerely,

John T. Goodall
