Subject: Comment on how to best implement solar policy in Florida
Date: Tuesday, June 23, 2015 3:08:44 PM

To the Florida Public Service Commission:

I am writing to comment on how to best implement solar policy in Florida. I do not support any policies that will drive up the energy costs of Florida households and businesses. These include any policies that will create subsidies and mandates for high cost rooftop solar systems.

Thank you.
